MINUTES
IMSSU ORDINARY GENERAL ASSEMBLY 2026

The Ordinary General Assembly was held on Monday July 13th, 2026, at Holiday Club Vierumäki, Urheiluopistontie 400, 19120 Heinola.

Present:

BOUTCHER Rob	Australia / IMSSU President
ROSSOUW Annette	IMSSU General Secretary
MÄKELÄ Sami	Finland / IMSSU Council Member
LEMPOLA Hanna	Finland / IMSSU Council Member
REEB Thomas	Germany
LAMPRECHT Peter	Austria / IMSSU Council Member
VASS Zoltan	Austria
DOPPEN Casper	Netherlands / IMSSU Council Member
VAN GRIEKEN Erik	Netherlands
LEGRAND Alain	France / IMSSU Council Member
FREGIER Maurice	France / IMSSU Council Member
ISAKSSON Moritz	Sweden / IMSSU Council Member
LINDBERG Christian	Sweden / IMSSU Council Member
KOVÁCS Lajos Tibor	Hungary / IMSSU Council Member
PALCÓ Csilla	Hungary
ROSSOUW Pannetjie	South Africa
GROBBELAAR Barry	South Africa / IMSSU Council Member
KÅSASTUL Monica	Norway / IMSSU Council Member
MUSTAPARTA Nikolay	Norway / IMSSU Council Member

Apologies:

PAOLINI Bernhardt	Switzerland / IMSSU Council Member
KOUKALOVA Klara	Czech Republic / IMSSU Council Member
FLEMMING Edward	Zimbabwe

Proxies:

Zimbabwe to South Africa
Czech Republic to Austria
Switzerland to Finland

Members:

2026 Membership Paid

Target Pistol Australia (TPA)
Sport Shooters' Association of Australia (SSAA)
Austrian Metallic Silhouette Field Target Association (ASFA)
Czech Metallic Silhouette Shooting Association (CzMSSA)
Finnish Shooting Sport Federation (FSSF)
Fédération Française de Tir (FFTir)
Bund Deutscher Sportschützen (BDS)
Magyar Dinamikus Lövészsport Szövetség (MDLSZ)
Rimfire & Air Rifles Benchrest Shooting Association of India (RABSAI)

Indonesian Shooting Association (ISHA)
National Silhouette Association of Ireland (NSAI)
Unione Italiana Silhouette Metallica (UISM)
Federación Mexicana de Tiro Y Casa (FEMETI)
Nederlandse Silhouetschutters Associatie (NSA)
Pistol New Zealand (PNZ)
Norges Metallsilhuett Forbund (NMF)
South African Metallic Silhouette Shooting Association (SAMSSA)
National Shooting Sports Federation of Sri Lanka (NRASL)
Sveriges Metallsilhuettförbund (SMF)
Verein Schweizer Metallsilhouetten Schützen (VSMS)
Zimbabwe Sport Shooting Federation (ZSSF)

2026 Membership Not Paid

Confederação Brasileira de Tiro Prático (CBTP) - last paid 2016
Dansk Sportsskyte Forbund (DSF) – last paid 2024
Lithuanian Shooting Sport Federation – last paid 2020
Association of Maltese Arms Collectors & Shooters (AMACS) – last paid 2024
Namibia Sport Shooting Federation (NSSF) – last paid 2015
Philippine National Shooting Association (PNSA) – no payment records found
Russia – last paid 2020

1. Opening and Welcome
The President, Rob Boutcher, welcomed all and declared the meeting in session at 19h55
2. Minutes of Previous Meeting
There were no outstanding matters from previous minutes
3. Submission and reading of President's Report
President's report was read
4. Submission and reading of General Secretary's Report
General Secretary's report was read (see Appendix A)
5. Submission and reading of Treasurer's Report
General Treasurer's report was read (see Appendix B)
6. Election of Council Members
The following council membership elapses in 2026: • Boutcher, Rob (President) • Mäkelä, Sami (Vice President) • Dewsbury, David (Vice President) • Kåsastul, Monica (Vice President) • Lamprecht, Peter (Vice President) • Doppen, Casper (Vice President) • Koukalova, Klara • Schuh, Sigrid • Kovács, Lajos

- Grobbelaar, Barry

Council members are re-electable.

Maurice Frégier is added to council as the replacement for Dalle-Fratte Gérard.

Nominations received for council members:

- Doppen, Casper – nominated by NSA
- Boutcher, Rob – nominated by TPA
- Kåsastul, Monica – nominated by NMF
- Rossouw, Pannetjie – nominated by SAMSSA
- Koukalova, Klara – nMominated by CzMSSA
- Kovács, Lajos – nominated by MDLSZ
- Mäkelä, Sami – nominated by FSSF
- Lamprecht, Peter – nominated by ASFA
- Reeb, Thomas – nominated by BDS

All nominations were accepted: nine members were nominated for nine positions; hence no voting took place.

7. Election of President

Nominations for President:

- Moritz Isaksson – Sweden
- Hanna Lempola – Norway
- Rob Boutcher – Finland

Voting by secret ballot took place. The ballot papers were checked and counted by Annette Rossouw and Sami Mäkelä. Sami Mäkelä announced the results:

- Moritz Isaksson – 8 votes
- Hanna Lempola – 3 votes
- Rob Boutcher – 2 votes

Moritz Isaksson was declared the new President of IMSSU.

8. Election of Vice Presidents

Nominations for Vice President:

- Lajos Kovács
- Casper Doppen
- Monica Kåsastul
- Sami Mäkelä
- Pannetjie Rossouw
- Maurice Frégier

There were 5 Vice President positions to fill.

Voting by secret ballot took place. The ballot papers were checked and counted by Annette Rossouw and Hanna Lempola. Hanna Lempola announced the results:

- Lajos Kovács – 15 votes
- Sami Mäkelä – 14 votes
- Casper Doppen – 14 votes
- Maurice Frégier – 13 votes
- Monica Kåsastul – 12 votes
- Pannetjie Rossouw – 7 votes

The first five candidates as per above list were elected to be Vice Presidents.

9. Determination of annual fee (article 5 of the IMSSU Rules & Regulations)

The Vice President Treasury proposed that fees remain the same as determined at 2024 OGA: 2 euro per member and minimum of 100 Euro, with maximum at 600 Euro

The Vice President Treasury proposes entry fee for World Championship should be set at 50€ per start and entry fee of teams be set at 120€

Hanna Lempola proposes that the word “maximum” be added so that the proposal reads “Entry fee for World Championships should be set at a maximum of 50€ per start and entry fee of teams be set at a maximum of 120€”

Norway proposes that a separate fee be set for Junior U20 categories. Norway augmented the proposal to read “Entry fee for World Championships should be set at a maximum of 25€ per start for junior U20 competitors”. The juniors will still be illegible for Senior medals despite the lower fees.

All proposals were unanimously accepted.

10. World Championship 2028

A bid to host IMSSU World Championship 2028 was received as a joint venture by Target Pistol Australia (TPA) and Sport Shooters’ Association of Australia (SSAA).

Full proposal is attached in Appendix C

11. IMSSU Rules

Several proposals were submitted to change IMSSU rules. As this is not a rule change year, proposals were tabled and discussed but not finalised. It was decided that council meetings will be held to discuss and finalise IMSSU Rule Change proposals for acceptance at next the General Assembly.

A discussion took place with respect to the changes to ISSF rules whereby a limit of 7.5 joules was introduced for air rifles. Norway proposes that IMSSU adheres to the *ISSF rules which was applicable when IMSSU adopted air gun events* as the introduction of 7.5 joules for IMSSU is not practical. These (2009) ISSF rules to be adhered to until such time as IMSSU develops its own technical rules for air guns.

Norway proposes that a slight change be made to the current IMSSU rules to reflect that IMSSU rules refer to the applicable (2009) version of ISSF rules.

** Note that at the OGA the year mentioned was 2010 when the air disciplines were added to IMSSU events. After research it was found that the correct version of the ISSF rules is 2009 (introduced as from 1 January 2009).*

This proposal to refer to the 2009 ISSF rules in the IMSSU rules was unanimously accepted.

Some other discussions were (for notice):

- Submission of rule changes by Norway (appendix D)
- Submission of rule changes by Hungary (appendix E)
- Submission of rule changes by Czech Republic (appendix F)
- Submission of rule changes by France (appendix G)
- Submission of rule changes by Germany (appendix H)
- Netherlands supports a mix of Finland and Norway submissions
- Finland proposes that IMSSU develops its own air rifle and handgun technical rules so that IMSSU is not subject to changes from ISSF. It is proposed that simple rules be applied.
- South Africa proposed that IMSSU adopt 16 Joules maximum.
- Finland and Austria raised the issue of how the joules will be tested.

The aim is to develop IMSSU air rifle and air pistol rules for approval at General Assembly 2028.

12. IMSSU Statutes

Switzerland proposed changes to the IMSSU Statutes. The General Secretary used the work done by Berhard Paolini and proposed an updated version of the statutes in modern English as well as based it on international best practices.

The General Secretary asked the General Assembly to note:

I have submitted a modernised and updated/expanded IMSSU Statutes for consideration based on the work done by Switzerland.

I am proposing these changes so that the operations and effectiveness of IMSSU can improve.

Not being part of the original "start-up" team, I find it very difficult to navigate between all the underwritten "rules" and "ways" in IMSSU. The statutes, as it stands, is simply not guiding me in executing my role. It is far too generic and leaves too much to interpretation.

There are a couple of points I would like us to consider:

- All older statutes or constitutions are written in the days when no electronic means of voting was possible. Hence intrinsically the current statutes ONLY caters for

voting by secret ballot done by representatives physically present at a General Assembly. From that perspective it would be pertinent that the statues are amended to allow for electronic meetings and electronic voting. I strongly suggest that we deal with this matter at the World Championship; if that is the only thing we approve.

I think we might be safe if we take a resolution on this during an ordinary general assembly, and properly notarise it, whilst contextualising that it is a step towards revising statutes and not changing the statutes per se.

- Once electronic meetings and electronic voting is supported and approved, it opens the door for comprehensive and progressive approval of proposed statutes. We could then discuss and vote on matters without being physically present at a venue and is not limited to the meetings held during the World Championships.

- I should set ourselves a target date of 31 October 2026 for an approved revised statute. The revised statute is urgently required so that we can be transparent and aligned to modern “best” practices. The timing of 31 October 2026 will a) provide sufficient time to be robust in our discussion regarding the statutes and b) leave sufficient time to be able to register a new document under the French Law for implementation 1 January 2027. I am not in favour delaying the matters until 2028 General Assembly; we should take the matter seriously and deal with it this year.

- Bernhard proposed a smaller council, something that was supported by other authoritative members in IMSSU. We might want to consider this when we (re)select council members at the General Assembly. Due to the split in selection periods, one must consider not (re) electing too many council members at the GA now, with final implementation during 2028 General Assembly. It is a significant reduction in numbers that is proposed.

- It is operationally important that we establish the roles of Vice-President Technical for each of Rifles and Handguns as proposed.. We need to consider that when we (re)select council members at the GA. Those 2 candidates will have to be selected for the practical knowledge and willingness to drive the revision of the technical rules for each category. Most particularly, we need to create comprehensive rules on airguns as some countries are currently building and using airguns that I do not consider to be suitable for silhouette shooting; not only from a safety perspective, but also from a target damage perspective. It is my strong suggestion that these 2 candidates must be active in both shooting administration as well as competing at the highest level in their respective categories so that the rules are a) administratively suitable (i.e. proper written documentation) and b) it is practically implementable.

Please note that the changes proposed are not as vast as it would appear in the document. Yes, there are a couple of internationally acceptable fundamentals that need to

be established, but most of the changes are just expanding on what is already in the statutes and putting the narrative in modern English words.

Best regards in shooting

Annette Rossouw

IMSSU General Secretary

It is proposed that the General Assembly notes and approves that electronic meetings and/or electronic votes will be allowed in future.

It was supported in principle. The president proposed that the General Secretary investigate a suitable system for online meetings and secret voting.

13. General matters

IMSSU Web page

The General Secretary stated that IMSSU web page is problematic and that access to update the web page is not working.

Hanna Lempola mentioned that she has access to the domain.

Casper Doppen and Hanna Lempola will provide expertise to sort the DNS access out.

It was noted that multiple people need to have access to update web site content.

Membership Status

The matter of a member not paying membership fees was introduced and discussed. It was decided that members that have not paid for 2 years will receive a final warning to pay outstanding fees within 2 months of the date the warning has been issued.

Should they fail to pay membership fees, such member will be struck off.

The meeting agreed that annual membership certificates will be issue. The General Secretary will be responsible for doing so.

IMSSU World Championships – Hosting principles

The General Secretary compiled a document that describes what hosting entities should consider in preparing for World Championship – Appendix J

This item was put on hold and will be discussed at council meetings.

14. Closure
The President thanked everyone for the participation and contribution to the General Assembly. The meeting was declared closed at 10h00.

Appendix A – General Secretary's Report

Dear President, Vice Presidents, Council Members and Delegates,

It is my pleasure to present the General Secretary report for the period 2024-2026.

During this period, my primary focus was on becoming acquainted with the Council's structure, processes, and internal operations. This proved to be more challenging than anticipated, as the IMSSU has very limited formal documentation available for reference.

I would like to express my sincere appreciation to previous General Secretary, Hanna Lempola, for the advice, guidance, and clarity she has generously provided throughout this process. Her support has been invaluable in helping me develop a better understanding of the Council's functions and responsibilities.

Before addressing the detailed feedback, I would like to make one general observation. Having carefully reviewed the IMSSU Statutes, I am not yet convinced that the Council is consistently fulfilling all of the responsibilities and obligations assigned to it under the Statutes. I believe this warrants further discussion and reflection to ensure that the Union's governance aligns with its constitutional framework.

During my first year as General Secretary, I encountered a number of challenges that highlighted opportunities to strengthen the Union's governance, communication, and operational effectiveness. While many of these challenges are understandable within a volunteer-driven international organisation, they have also provided valuable insight into areas where improvements can be made to better support the Council, our member countries, and the long-term sustainability of the IMSSU:

- Although I was provided with is a list of member (countries) with contact names, a portion of these contacts are no longer active
- The contacts on the list are the email addresses of persons rather than the official governance body. It is hence difficult for me to distinguish who should be informed, consulted and communicated to on the various topics of discussion. It is my expectation that all formal correspondence should be directed to each member country's official governing body email address to ensure continuity, institutional record-keeping, and

consistent communication, regardless of changes in office bearers. This situation is also applicable to IMSSU internal communications as communication to and from the General Secretary was conducted via private emails rather than the gensec@imssu.org account.

- It was, and remains, unclear which member countries are currently active. This uncertainty is further compounded by inconsistencies in membership fee payments, with some countries being fully paid up while others have outstanding dues.
- I have observed that urgent communications are not always responded to in a timely manner. To meet the expectations of a modern international sporting organisation, IMSSU should strive to be more responsive, agile, and proactive in its communication and decision-making processes. Timely engagement is essential to maintaining effective governance, supporting member countries, and ensuring the efficient operation of the Union.

I would like to submit the following actions taken to improve and modernise IMSSU operations:

- The gensec@imssu.org email was implemented as the official communication channel.
- There is an attempt to improve the “look and feel” of IMSSU documentation, for instance, I developed official letterhead / memo templates.
- I have introduced an excel spreadsheet for financial control. In this all transactions are recorded in detail and reports can be derived from it.
- Building on the work initiated and submitted by Bernhard Paolini, I compiled a revised draft of the IMSSU Statutes for the Council's consideration, review, and evaluation. This proposal included some internationally acceptable practices conducting meetings, as well as improved descriptions of the roles within the organization.

Lastly, I would like to propose several initiatives aimed at revitalising the operations of the IMSSU and strengthening its governance, communication, and long-term sustainability:

- It is of the **outmost importance that we adopt the principles of online meetings and electronic voting**. This is the foundation of conducting meetings and having interactive discussions, without having to invest financially. It is simply in today’s economy no longer viable to have face-to-face meetings.
- We need to clearly define the roles within IMSSU, most urgently ensure that all role players have a clear understanding of the roles and responsibilities of:
    - IMSSU Council
    - IMSSU General Assembly

- The Union's operational decision-making processes should be streamlined to improve efficiency and responsiveness. Consideration should be given to establishing a clearly defined core operational team, empowered to make timely decisions on day-to-day matters within an agreed mandate. The current consultation group is both large and ill-defined, which can hinder effective communication, timely decision-making, and operational agility.
- I have a vision that this core operational team consist of the following:
    - The President
    - General Secretary
    - Vice President Treasury
    - Vice President Technical – Handguns
    - Vice President Technical – Rifles
- This core group should function as a unit and give feedback quarterly / six monthly meetings with the rest of the council for input and redirection. This would clearly require the implementation of council meetings as depicted by the statutes.
- The General Secretary and the Vice Presidents Technical (x 2) should be tasked for urgent review of the IMSSU rules. It is most urgent that IMSSU develop its own air rifle and air pistol technical rules as the new ISSF rules no longer is fit for purpose. The 7.5 joules limit is not suitable for rifle events as the rifle runs out of "power" when shooting beyond ISSF distances. There are simply not enough "clicks" on a telescope to adjust from 18m – 41m at 7.5 joules. On the other hand, some countries/entities are using and/or developing air rifles with massive air cylinders that packs a punch. This not only leads to inevitable target damage but also adds a safety concern.

  IMSSU rules for airguns should be developed and circulated for comments within 2 months of the OGA. One should aim for final approval via council meeting by 1 November 2026 for implementation as of 1 January 2027.
- The proposal of the statues should be reviewed and finalised. This document should also be implemented by 1 January 2027, including the registration of the new statutes as per French Law under which we operate.
- I have another vision that all active competitors be registered with IMSSU. Each member (country) shall have the responsibility of submitting the names and some limited personal details for registration. IMSSU should register these individuals on a database and issue them with registration numbers. These registration numbers should be used in any international competition so that all scores can be recorded and tracked

per individual. All personal information should be kept confidential, and the risk of data leakage should be managed.

- We need to agree upon which electronic media (WhatsApp, Chat, etc) is suitable for adoption for quick turnaround matters.

Lastly, I would like to thank everyone for the opportunity to “make a difference” in IMSSU. I will do my best to enhance the IMSSU brand and to grow the sport. I look forward to working with you all.

Best regards

Annette Rossouw
IMSSU General Secretary

Appendix C – Bid to host WS2028 from Australia

TPA | SSAA

Australian Bid to Host the XVIIth IMSSU Metallic Silhouette World Championships 2028

Canberra, Australian Capital Territory, Australia

Submitted to	International Metallic Silhouette Shooting Union (IMSSU) - Annette Rossouw, General Secretary
Submitted by	Target Pistol Australia (TPA) and Sporting Shooters' Association of Australia (SSAA)
Submission date	20 June 2026

Bid statement

TPA and SSAA jointly submit this Australian bid to host the 2028 IMSSU Metallic Silhouette World Championships in Canberra. The event would be delivered as one championship. TPA will coordinate the pistol events, SSAA will coordinate the rifle events, and both organisations will work together with the host clubs and IMSSU technical delegates. A separate memorandum of understanding will cover internal arrangements between the organisations.

Key information for member countries

Item	Australian proposal
Location	Canberra, Australian Capital Territory, Australia. Canberra is Australia's national capital and is a compact, organised city with good roads, hotels, restaurants and visitor services. It is about 3 hours by car from Sydney.
Range name	SSAA ACT Range Complex, Majura ACT, and Sporting Shooters Pistol Club Inc. (SSPC ACT). Final use of ranges will be subject to host club agreement, IMSSU technical approval and Australian legal requirements.
Range capacity	The rifle and pistol ranges have more than enough capacity to host the World Championships, including practice, sighting-in and competition. Final layouts and daily schedules will be agreed with IMSSU.
Proposed dates	Preferred window: second half of August 2028. Exact dates to be agreed with IMSSU. August should suit many European teams after the June/July holiday period. If September is used, accommodation will need early planning because of Canberra's Floriade festival period.
Event scope	IMSSU Metallic Silhouette rifle and pistol events, subject to the final IMSSU program and technical requirements.
Proposed fees	Individual match fee: EUR 50 per match. Team entry: EUR 100 per team. These figures are included with the bid so member countries can plan early. Final fees will be confirmed in the official entry package.

Accommodation, travel and permits

Area	Support offered
Accommodation	Canberra has a wide range of hotels, serviced apartments and group accommodation. Once dates are approved, the organisers will seek group booking options and provide booking information to teams. If the event moves into September, teams should book early because Floriade can increase accommodation demand.
Entry to Australia	Sydney is the preferred international arrival point for teams bringing firearms. Entering through Sydney should make firearm import and export paperwork simpler before travel to Canberra by road or domestic connection.
Visitor permits	The organising committee will provide a plain-English guide, template information and liaison support for International Visitor Permits, temporary firearm import/export, secure storage, range transport and ammunition arrangements. Competitors and teams remain responsible for their own applications and legal requirements.

Competition delivery

Area	Commitment
Standards	The Championships will be conducted under IMSSU rules and technical delegate direction, and in compliance with Australian, ACT and Commonwealth law.
Team services	One entry process, one accreditation process, clear team information, practice and sighting-in information, results service, ceremonies and team manager communications.
Safety	Range safety plans, approved firearm and ammunition storage, first aid and emergency arrangements will be confirmed before the event.
Transport	Canberra is a compact city. Local transport, range access and possible event shuttle options will be assessed during detailed planning.
Supporting documents	The TPA/SSAA memorandum of understanding, range information, letters of support, budget details and permit guidance can be supplied with the bid package or on request.

Indicative timeline

Timing	Milestone
20 June 2026	Submit Australian bid to IMSSU.

2026-2027	Finalise host agreement, range approvals, event budget, dates and program.
2027	Publish team information, accommodation options and permit guidance.
Early 2028	Open entries and confirm practice, transport and final event details.
August 2028	Deliver the IMSSU Metallic Silhouette World Championships in Canberra.

Decision requested

TPA and SSAA respectfully ask IMSSU member countries to support Australia's bid to host the 2028 IMSSU Metallic Silhouette World Championships in Canberra, subject to final host agreements, range approvals, insurance, budget approval and Australian regulatory requirements.

Target Pistol Australia	**Sporting Shooters' Association of Australia**
Name: Michele Sandstrom	Name: Andrew Judd
Position: President, TPA	Position: President, SSAA
Signature: _____ Date: 17 June 2026	Signature: _____ Date: 17/06/2026

Appendix D – Norway Submission

Hi all

When it comes to the changes done by ISSF, regarding power limit, we need to keep in mind that this is done outside the controll of the IMSSU. It is also outside of the IMSSU system of alowing rule changes only every 4. Year.

I understand it as this rule change has been done in ISSF for approx 4 months ago, ergo less than a year after we last had the option to change the IMSSU rules.

I have serched in my email history, and found some info. about the GA 2010, where the airgun rules was proposed.

From the original proposal sent from Austria to IMSSU GA in 2010, I find this part interesting in this matter:

Ad IMSSU proposal:

- Exclusively allowing production guns contradicts the basic structure of IMSSU rules.

Currently, there is an Unlimited discipline in each contest group. This system is well proven and should not be abandoned.

- ISSF compliant guns form a good basis for production disciplines, yet they only regulate matters peculiar to ISSF contests leaving open many modification possibilities that are highly relevant for Silhouette Shooting, e.g. bullet energy, grip/stock modifications, sight modifications etc.

- a shooting distance of 50m out of doors with a 7.5 joule rifle is unrealistic, likewise a 25m distance with a pistol.

Vienna, 7th September 2010

This tells mee that the ISSF at the time had no limit on bullet energy, grip/stock and other spesifications mentioned here. This is why there was no mentioning of the bullet energy as an exeption in the IMSSU rules. The mentioning of the ISSF rules looks to be only to establish what the gun would be allowed to look like, the weight and so on.

The bullet energy is not part of the limits the ISSF rules was intended to place on IMSSU airguns and we should therefor not be obliged to follow the change made by ISSF on the bullet energy.

The IMSSU board should make a statement that this rule change will not have effect before it have been discussed and possibly approved at IMSSU GA in 2028, since that is next time IMSSU can change the rules.

Br

Nikolay Mustaparta

Norway

Appendix E – Hungary Submission

Dear Anette,

I would like to add some agenda items for the ordinary general assembly:

1. I. In our Rules under General Technical Rules, B. Rules Generalities it says: "IMSSU general and special technical rules are approved to be effective for a minimum of four years beginning on January 1st of the year following the summer Olympic Games. Except in special circumstances, IMSSU rules are not changed during this four year period."

I think the modification of a referenced third party rule and the publication of a deficient rulebook meets the criteria of special circumstances.

   a. The ISSF changed it`s Air Rifle rules in a way that hampers our sport and it`s referenced in our rules. Immediate action must be taken!
      i. We should include that there`s no muzzle energy limit in a 2026 rulebook change.
      ii. We have to form a technical committee to make our own airgun rules that can be presented to the GA in 2028.
   b. Despite the careful work of the General Secretary and the examination of the changes by the council, the last changes in our rulebook aren`t in alignment with what the general assembly voted for.

The original proposal contains the following : (Sveriges Metallsilhuett Förbund 2024-02-25 page 3)
"On page 18 : 2°) This should be erased: Replacement of grips with aftermarket grips is allowed. These grips must be catalogue items readily available to the general public and must be manufactured for that firearm. All grips (factory or after market) must be complete at all times in form and finish as manufactured."
, the council accepted it, but the change didn`t get in the final version. We have to amend this in a 2026 rulebook change.

2. Council decision archive

We must record the councils decisions in an archive, because we had such a large number of council members that almost all member country had a member in the council, so everyone had known about every decision. This isn`t the case anymore with a maximum of 9 council members, so we have to have a way to inform the rest of the member countries about decisions and archive them.

3. Council meeting minutes

Same as above, to supplement the archive with the background of the decisions and to report to the members about the progression in cases that doesn`t need a decision or doesn`t yet need a decision.

Best Regards,

Lajos Tibor Kovács
Member of the board

Appendix F – Czech Republic Submission

Dear Annette,

Please find attached the nomination for the IMSSU Council member.

Unfortunately, none of us can represent the Czech Republic at the General Assembly, so I have delegated our proxy vote to Austria, which is represented at the Assembly by Peter Lamprecht.

I hereby also submit one proposal for the consideration by the Assembly:

GENERAL TECHNICAL RULES
for all metallic silhouette discipline shooting categories
SECTION I: General
D. Classes

"The classes system is not applied at the World Championships."

change to:

"The decision on the use of the classes system at the World Championships is at the discretion of the event organiser."

Since this rule was implemented into the Rule book, the majority of the organisers use the classes system anyway. So I don't see any problem to change it. Of course with the condition, that the change begins to be effective on January 1st of the year following the summer Olympic Games.

Kind regards,

Klara

Appendix G – France Submission

Dear Council,

The French Federation would like to propose an amendment to change two points in the IMSSU rules:

- Section VI: Non mandatory SB rifle —> pass to mandatory
- Section Airgun rules —> pass to mandatory

Indeed, in France, we are not able to shoot these évents because it is not mandatory in the IMSsU rules, So the French Federation do not organize in national championship. So that why no French shooter can participate in intertional championship.

Thanks.

Alain Legrand

Appendix H – Germany Submission

Hello Anette,

Last year in Finland I represented Germany for the last time as a delegate of Germany. I have decided that I won't participle WC and Ec in the future. I still continue international events in France and Czech Republic and offered to help on request.

During the delegates meeting in Oulu Finland I made a proposal with regard to introduce a Senior Class for the silhouette categories SB and BB Unlimited events. Senior Classes are common in shooting disciplines, why not in silhouette shooting.

The idea behind this proposal is that more and more old shooters are giving up shooting because of eye problems and the number new young silhouette shooters are very low to zero at least in Germany/ Czech Republic etc.. Down the road it seems that championships will be carried out by a few old shooters. Is this really what we want. In Germany we already applied the new rule for the Germany Championship this year and old shooters were coming back shooting SB und BB unlimited on standard size targets.

The content of the rule is that shooters starting with the date - January 1st - the year he/she turns 65. The shooters can decide on to shoot in both (SB,BB) category unlimited on small or standard figures. The shooters are not allowed to shoot both categories. Aktive shooters younger than 65 can only shoot the small targets in both unlimited categories.

In Oulu I explained to the delegates from each member country my proposal and was asking them to discuss this proposal internally in their organization that each country has a fed back from their shooters. With a representative opinion of each country the delegates can decide on my proposal during the delegates meeting Heinola this year.

Thomas Reeb as my successor is informed about the situation and will ask the question during the delegates meeting also.

As a kind of reminder could you please put this issue on the agenda that it could be discussed and hopefully decided on.

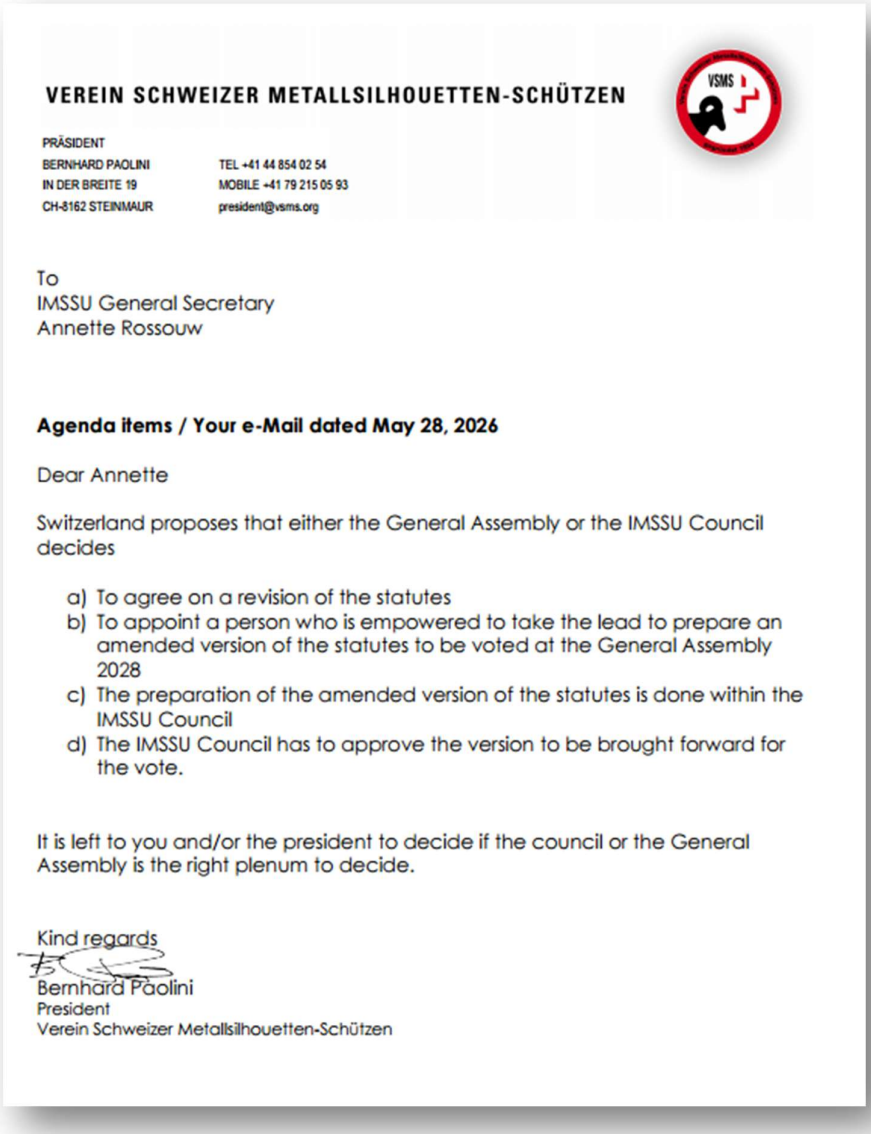

I'm looking forward to hearing from you.

Thanks for your understanding.

Best regards and greetings to the guys

Wulf

To
IMSSU General Secretary
Annette Rossouw

Agenda items / Your e-Mail dated May 28, 2026

Dear Annette

Switzerland proposes that either the General Assembly or the IMSSU Council decides

a) To agree on a revision of the statutes
b) To appoint a person who is empowered to take the lead to prepare an amended version of the statutes to be voted at the General Assembly 2028
c) The preparation of the amended version of the statutes is done within the IMSSU Council
d) The IMSSU Council has to approve the version to be brought forward for the vote.

It is left to you and/or the president to decide if the council or the General Assembly is the right plenum to decide.

Kind regards
Bernhard Paolini
President
Verein Schweizer Metallsilhouetten-Schützen

Hi Rob

Hi Council

As stated in my e-mail dated October 7, I took the freedom and initiative to amend the statutes sent by Annette from the founding of IMSSU. You may see at the very end of the document, that I was one of the person being present and working on these statutes at that time of founding IMSSU.

My intention was

a) to adapt some paragraphs to the reality because it did not happened as described in the statutes

b) to better structure Article 9

c) to define the financial year

d) to define that a membership fee belongs to the financial year and that an invoice must be issued at the beginning of a new year.

e) to write something down regarding financial support of a hosting country

f) to adapt frequency of the council meetings to the reality

g) to adapt the frequency of the ordinary general assemblies to the reality

h) to add something about the organization of World Championship

I tried to be as short and easy as possible. Without writing a lot of text.

Because I am also the chairman of an international consortia I am quite used to statutes etc and learnt that a lot of text is not making topics clearer.

All changes are in red letters and clearly marked in the attached document. I have also added comments.

However that's my input. Take it or discuss it or leave it.

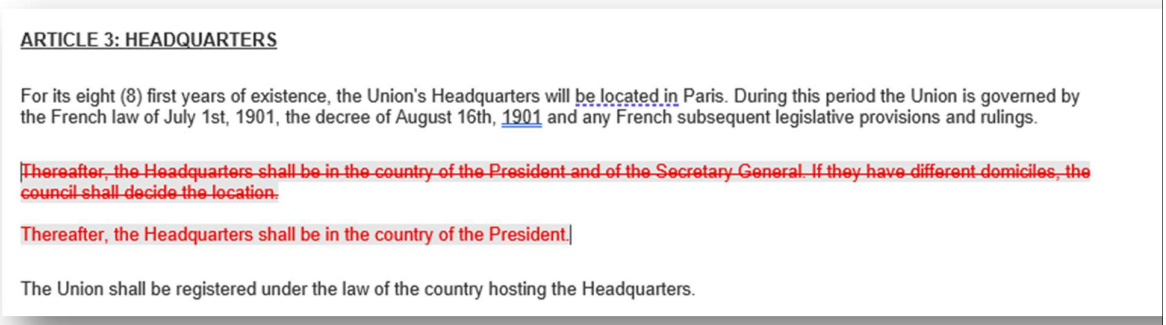

It was done in an effort to improve things at IMSSU. so don't shoot at me.

And do not forget, I am not a native English speaker.

I am open to questions or inputs.

Kind regards

Bernhard Paolini

ARTICLE 3: HEADQUARTERS

For its eight (8) first years of existence, the Union's Headquarters will be located in Paris. During this period the Union is governed by the French law of July 1st, 1901, the decree of August 16th, 1901 and any French subsequent legislative provisions and rulings.

~~Thereafter, the Headquarters shall be in the country of the President and of the Secretary General. If they have different domiciles, the council shall decide the location.~~

Thereafter, the Headquarters shall be in the country of the President.

The Union shall be registered under the law of the country hosting the Headquarters.

II) **Thereafter**:

a) Membership is open to one association from each country excepted if several national associations govern different sections of metallic silhouette shooting sport (e.g.: rifles, handguns etc...). In this case, each national association can apply for membership. Only one national association per section will be accepted.

Any national association applying for membership must be presented by an admission committee whose operating methods will be dictated by the rules and regulations.

When a country is represented by several national organizations, the Union recommends their unification into one central organization.

b) Membership is limited to one continental organization per continent.

c) Individuals may be awarded honorary membership as the Union's highest honor. Formal proposal to and election by the general assembly is required. Honorary members may attend all meetings of the Union with voice but without vote.

ARTICLE 9: ADMINISTRATION

I) Council

The Union is administered by a Council comprising at the maximum twenty (20) members elected by secret ballot for four (4) years by the General Assembly, except in the initial election.

Fifty percent of the Council shall retire every two (2) years, the outgoing members are re-eligible.

One President, six (6) Vice Presidents and one General Secretary are appointed internally by the Council.

In case of vacancy, the Council provisionally provides replacement from IMSSU members. The final replacement happens at the earliest next meeting of the General Assembly. The powers of those members elected in this way ends when the mandate of the replaced member normally expires.

II) Financial Year

The financial year shall start on 1 January and terminate on 31 December.

III) **Membership Fee**
A membership fee is to be paid for each financial year. Invoices for membership fees shall be sent to the members within the first two month after the beginning of a new financial year.

IV) **Financial support to a member for hosting a World Championship**

The maximum amount to the organizer shall not exceed EUR 5'000.- but cannot be more then 20% of the liquid assets at the time when such a decision is to be taken.

The amount to be received by the organizer will only be paid after the organizer has paid the fee due based on the entry fees, or offset against the fee due.

The conditions to release the payment are
- the financial settlement of the World Championship
- the proof of the spent amount
- the majority of the Council approves the payment

ARTICLE 10: COUNCIL MEETING

~~The Council meets at least once a year and each time it is called by its President or on written request from two third (2/3) of its members.~~
The Council meets when it is called by its President or on written request from two third (2/3) of its members.

The presence of one third (1/3) of the Council members is necessary for the proceedings to be valid.

The minutes of the meeting are signed by the President and the General Secretary. They are written on numbered pages and kept in the Association's headquarters.

Each member continent will have the same number of votes regardless of the continent's members number.

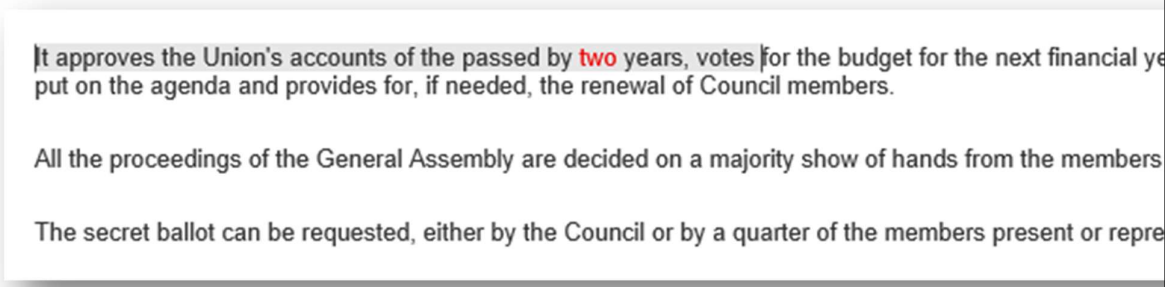

~~It meets at least once a year and each time it is called to meeting by the Council or following a written request from at least half of its members.~~

It meets at least every two years - when the World Champion takes place - and it is called by the General Secretary or following a written request from at least half of its members.

Each member can be represented by another member having only a single proxy vote.

The agenda is decided by the Council.

The members of the Council table the Assembly.

It approves the Union's accounts of the passed by two years, votes for the budget for the next financial ye
put on the agenda and provides for, if needed, the renewal of Council members.

All the proceedings of the General Assembly are decided on a majority show of hands from the members

The secret ballot can be requested, either by the Council or by a quarter of the members present or repre

ARTICLE 16: WORLD CHAMPIONSHIP

Members wishing to host a World Championship have to provide an application to the Council and the General Assembly.
The application shall present
- a list of all the offered events
- the date when the World Championship is provisionally foreseen to be held
- the start fee for the events
- the start fee for the team events

The General Assembly decides which country held the World Championship and by doing this approves the start fee as defined in the application.

An applicant for a World Championship has to state in its application if a financial support from IMSSU is needed. The Council decides about t
requested financial support and its maximum amount.

The organizer is obliged to present a financial settlement within a year to the council.

~~ARTICLE 16: DISSOLUTION~~

ARTICLE 17: DISSOLUTION

Dear Annette

Dear Rob

Dear Council Members

After my last proposal about changes of the statutes of IMSSU I received some feedback.

In a last attempt I tried now to included all the feedback from Barry, Sami and Lajos in a working document.

For that I transferred the original statues created during the founding of IMSSU as of November 7, 1992 into a docx-file. For your convenience I attached the original statues to this e-mail.

Within my document the left column is the original text and in the right column there are the changes.

As suggested by Lajos I kept the location of the headquarter and as Barry mentioned I changed to he/she where appropriate.

I left it as a docx-file which can be edited.

ATTENTION

If the president, the general secretary and the council decides to have a vote about the changes of the statutes during the next general assembly it will transform automatically into an EXTRAORDINARY GENERAL ASSEMBLY (requirement of the statutes) for which a quorum is necessary, which is defined as follows:

An Extraordinary General Assembly should be composed of **at least half its members**. It should be decreed by a **majority of three quarters of votes from the present members.**

Members can be present by means a proxy to an other member.

I am personally of the opinion that it would be more than appropriate that IMSSU would actualize its statutes to the way it works after more than 30 years! Also some paragraphs about World Championship and support for hosting countries are more than necessary to prevent discussion as have come up in the past. One cannot only criticize, one has to act.

IMSSU is an international body and should work on some rules.

For me it is now up to the council, the president and the general secretary to bring this to life.

Unfortunately I cannot be present at the next meeting in Finland but I am willing to work further on this topic provided I see that there is a real will to actualize the statutes what so far is missing in my humble perception.

Please look at this input as an friendly attempt from a person who participated at the founding of IMSSU and from a former president of IMSSU.

Kind regards

Bernhard Paolini

To All

I found now the time to enter the input from Finland (thank you Sami!). I have amended the document attached and further below you find the comments for the changes/additions.

To bring amended statutes in force, they have to be approved by a general assembly. However before that the council shall decide on one version to be brought to the attention to the general assembly to vote on. To come to this stage of agreement, I suggest - based on my experience with other international organizations of which I was or am the chairman/president - to reach a council decision for

a) working on the statutes

b) appointing the leading person who push that topic forward (in writing)

This council meeting/decision could happen during the WC in Finland.

If that is decided the member countries shall get to obliged to answer every vote initiated by the leading person within a defined period of time (e.g. 14 days).

Otherwise I am convinced nothing will happen.

Comments to the document

Change Article 3

No dislocation of the headquarter. Any dislocation would require every time a extraordinary general assembly.

Change Article 6

Simple language change. Added the word „to“ (in red letters).

Change Article 9

First change

Reduction of the number of council members

Second change

Reduction of number of Vize Presidents

Third change/addition

Definition of the role of the council members

Forth change/addition

Nomination of council members

Fifth change/addition

Definition of the financial year

Membership Fee and the invoicing

Financial support for WCs

Change Article 10

Council meetings adopted to reality.

Article 12

First change

„He" changed agains "He/She“

Second change

„He" changed agains "He/She“

Third change

Number of Vize Presidents adapted to the changes.

Fourth change

Number of Vize Presidents adapted to the changes.

Article 13

First change/addition

Only members in „good standing“ have a vote. Good standing means no outstanding obligations, especially membership fees.

Second change

Adapted to reality.

Third change

Adapted to reality

Article 14

Quorum pointed out.

Article 16 inserted

Clarifying topic for WC like

Application requirements

Approvals

Financial support from IMSSU

Participation

Medals (medals only for shooters from member countries in good standing)

Team Events (only for countries in good standing)

I have attached the document.

Kind regards

Bernhard Paolini

Appendix J – General Secretary Statutes Proposal

SECTION 1: PURPOSE AND COMPOSITION OF THE UNION

ARTICLE 1: DENOMINATION

The title of the Union is:

INTERNATIONAL METALLIC SILHOUETTE SHOOTING UNION (IMSSU)

ARTICLE 2: PURPOSES

In the context of this document the term <<CONTINENT>> designates one of the following entities: Africa, The Americas, Asia, Europe, Oceania

It is the purpose of IMSSU to:

- promote and guide the development of the amateur silhouette shooting sports and strengthens the bonds of friendship between metallic silhouette associations of all nations,
- strengthen contacts and collaboration between other sport organizations and bodies.

In fulfilling its objectives, the Union:

- Develops, maintains and publishes the IMSSU rulebook governing the sport.
- Organizes the World Metallic Silhouette Championships. These championships will be held every two years, alternating with the continental championships.
- Coordinates and supports the programs and activities of its member associations.
- Safeguard and promote the legal, administrative, and collective interests of its members.
- Represents the sport and its members in dealings with international sporting bodies, governmental authorities, and non-governmental organizations worldwide.
- Publish and distribute official publications, technical documents, and other relevant materials.
- Organize conferences, seminars, workshops, and symposiums to advance the sport.
- Establish and maintain an international body of qualified referees and officials dedicated to Metallic Silhouette Shooting.
- Promote the formation and development of continental silhouette shooting associations and support the regular organization of Continental Championships.
- Fosters cooperation, communication, and the development of Metallic Silhouette Shooting at an international level.

- Undertake and support any other initiatives that advance, protect, promote, and develop Metallic Silhouette Shooting with both rifles and handguns at the international level.

ARTICLE 3: HEADQUARTERS

The Union's Headquarters will be located in Paris. It will be governed by the French law of July 1st, 1901, the decree of August 16th, 1901 and any French subsequent legislative provisions and rulings.

Changing the location of the Union's Headquarters will only be done if the Union can no longer function within the French law.

In the case of changing the location of the Headquarters, the Union shall be registered under the law of the country hosting the Headquarters.

ARTICLE 4: DURATION

The duration of the Union is unlimited

ARTICLE 5: MEANS OF ACTION

The union means of action are notably its different publications and committees.

ARTICLE 6: MEMBERSHIP

A membership year shall start on 1 January and terminate on 31 December.

A membership fee is to be paid for each financial year and should be paid before or on 28 February of each year. The General Secretary must issue a pro-forma invoice to each member organization by 1 January of each year. The General Secretary, in return, must issue a membership certificate for each year within 30 days of receipt of payment.

Membership of the Union shall be open to:

- Any National Shooting Federation, Organization, or Association that is duly recognized by the appropriate national authorities in accordance with the laws, regulations, and sporting governance requirements applicable within its country.
- Any Continental Shooting Federation, Organization, or Association that is duly recognized by the appropriate authorities within its continent and operates in accordance with the

applicable laws and regulations. Only one Continental Organization from each continent may be admitted as a member of the Union.

- One recognized national association from each country. However, where multiple national associations govern distinct disciplines or sections of Metallic Silhouette Shooting (for example, rifle and handgun disciplines), each association may apply for membership independently. In such cases, only one national association per discipline or section shall be admitted as a member of the Union. Where a country is represented by several organizations, the Union recommends their unification into one central organization.
- One Continental organization per continent.

The General Assembly may confer Honorary Membership, the highest distinction of the Union, upon individuals who have rendered exceptional service or made outstanding contributions to the development and advancement of Metallic Silhouette Shooting or to the Union.

Candidates for Honorary Membership must be formally nominated and elected by the General Assembly.

Honorary Members shall be entitled to attend all meetings, congresses, and assemblies of the Union. They shall have the right to participate in discussions and provide advice and recommendations but shall not have voting rights and shall not be counted for the purpose of determining a quorum.

Honorary Membership shall be conferred for life unless otherwise determined by the General Assembly.

ARTICLE 7: RESOURCES

The financial resources of the Union shall consist of:

- Membership fees, subscriptions, and other contributions paid by members in accordance with the Statutes, Rules, and Regulations of the Union.
- Grants, subsidies, donations, and financial assistance received from governments, public authorities, international organizations, sporting bodies, foundations, sponsors, or other lawful sources.
- Income derived from the Union's assets, investments, intellectual property, and other property owned or controlled by the Union.
- Revenue generated through the organization, sanctioning, administration, and promotion of competitions, championships, conferences, training programs, and other events or services provided by the Union.

- Sponsorships, advertising revenue, licensing fees, merchandising income, and commercial partnerships entered into in furtherance of the Union's objectives.
- Any other lawful income or resources permitted under applicable laws and consistent with the Statutes and objectives of the Union.

ARTICLE 8: RESIGNATION AND TERMINATION OF MEMBERSHIP

Membership of the Union shall cease in any of the following circumstances:

- Resignation
  A member may voluntarily resign from the Union by providing written notice to the Secretary General or other designated officer of the Union.

  A member is automatically deemed to have resigned if the minimum membership payment has not been paid for 2 consecutive years, despite having received invoices for those 2 years.

- Expulsion or removal from Membership
  A member may be expelled or removed from the Union for serious misconduct, actions contrary to the objectives or interests of the Union, persistent non-compliance with the Statutes, Rules, or Regulations of the Union, or for any other serious cause deemed sufficient by the Union.

  Before any decision regarding expulsion is taken, the member concerned shall be given reasonable notice of the allegations or grounds for expulsion and shall have the right to be heard and to present a defence before the competent body of the Union.

  Expulsion shall require the approval of at least two-thirds (2/3) of the votes cast by the General Assembly, acting upon a recommendation and report submitted by the Council.

  The decision of the General Assembly shall be final unless otherwise provided for in the Statutes or applicable regulations

SECTION 2: ADMINISTRATION AND FUNCTIONING

ARTICLE 9: COUNCIL

The Union shall be governed and administered by a Council consisting of:

- President
- General Secretary
- Vice President: Finances
- Vice President: Technical – Handguns

- Vice President: Technical – Rifles
- Additional Council members: Minimum 3; Maximum 5

Council members shall be elected at the General Assembly by secret ballot.

Nominations for Council members will be submitted to the General Secretary in writing before commencement of General Assembly. Where an insufficient number of valid nominations has been received before the General Assembly, the Chairperson may call for additional nominations from the floor during the meeting.

All nominees must meet the eligibility requirements prescribed by the Statutes and Rules of the Union and must indicate their willingness to serve if elected.

Council members shall serve a term of four (4) years. To ensure continuity of governance, fifty percent (50%) of the Council members shall retire every two (2) years. Retiring members shall be eligible for re-election without limitation, subject to the provisions of this Constitution. The President and General Secretary shall retire alternatively.

In the event of a vacancy on the Council arising from resignation, death, incapacity, removal, or any other cause, the Council may appoint an interim replacement from among the members of the Union.

Such appointment shall remain in effect until the next meeting of the General Assembly, at which time the vacancy shall be filled through election by the General Assembly.

Any person elected to fill a vacancy shall serve only for the remainder of the unexpired term of the member being replaced, and the term of office shall expire on the date that the original member's mandate would have normally ended.

ARTICLE 10: MEETINGS

The Union shall conduct and convene the following meetings, including but not limited to:

- Ordinary General Assemblies
- Extraordinary General Assemblies
- Council Meetings

Meetings may be conducted in person, by electronic means, or through a hybrid format, provided that all participants are afforded a reasonable opportunity to participate, communicate, and vote where applicable.

The procedures governing the convening, notice, quorum, voting, and conduct of meetings shall be prescribed in this Statutes and the Rules and Regulations of the Union.

ARTICLE 11: FREE MANDATE

Members of the Council shall serve in an honorary capacity and shall not receive any remuneration, salary, fee, or other financial compensation for the performance of their duties as Council members.

Council members may be reimbursed for reasonable and properly incurred expenses arising from the execution of their authorized duties on behalf of the Union, subject to the approval procedures and financial policies established by the Union.

All claims for reimbursement must be supported by appropriate documentation and proof of expenditure sufficient to permit verification and audit. The Council may prescribe additional requirements and limits for the reimbursement of expenses.

ARTICLE 12: ROLE OF COUNCIL MEMBERS

A: PRESIDENT

The President shall be the chief elected officer and official representative of the Union. The President must be, and be perceived to be, impartial and unbiased in the performance of the position's duties

The President shall:

- Convene and preside over meetings of the General Assembly, the Council, and any other meetings as prescribed by this Statutes or the Rules and Regulations of the Union.
- Provide leadership and strategic direction to the Union and oversee the implementation of decisions adopted by the General Assembly and the Council.
- Represent the Union in all official, legal, ceremonial, and external matters.
- Act as the principal spokesperson of the Union and maintain relationships with member organizations, international sporting bodies, governmental authorities, and other stakeholders.
- Ensure that the Statutes, Rules, Regulations, and decisions of the Union are properly implemented and observed.
- Be authorized to institute, defend, settle, or otherwise participate in legal proceedings on behalf of the Union, subject to any limitations imposed by the Council or applicable law.
- Delegate specific duties and responsibilities to other Council members, committees, or officials where appropriate and in accordance with the Rules and Regulations.

In the event of the President's absence, incapacity, or inability to perform the duties of office, the General Secretary shall assume the President's responsibilities on an acting basis until the President resumes office, or a replacement is appointed or elected in accordance with this Constitution.

B: GENERAL SECRETARY

The General Secretary shall be the chief administrative officer of the Union and is invested with extensive powers to ensure the good organisation and running of the Union. The General Secretary shall be responsible for the day-to-day management, administration, and efficient operation of the Union, subject to the authority and oversight of the Council. The General Secretary must in all aspects be seen as impartial and treat all members equally.

The General Secretary shall:

- Implement the decisions and policies adopted by the General Assembly and the Council.
- Oversee the administration, organization, and coordination of the Union's activities and operations.
- Manage the Union's correspondence, records, archives, registers, and official documentation.
- Prepare agendas, notices, reports, minutes, and other documents required for meetings of the General Assembly, Council, and committees.
- Administer the Union's financial affairs, including the collection of income, payment of authorized expenses, and maintenance of proper accounting records, under the supervision of the Council and the Council member responsible for financial oversight.
- Be authorized, within the limits approved by the Council, to procure goods and services, enter into contracts, manage leases, and undertake such administrative and financial transactions as are necessary for the operation of the Union.
- Ensure that appropriate systems of governance, financial control, compliance, and record-keeping are maintained.
- Support the President in representing the Union and promoting its objectives at national, continental, and international levels.
- Take all reasonable and lawful measures necessary to protect, promote, defend, and advance the interests, reputation, assets, and objectives of the Union.
- Invoices for membership fees shall be sent to the members within the first two months after the beginning of a new financial year.
- Issue annual membership certificates within 1 month of payment received.

- Updates IMSSU rules as required and disseminate copies to all member countries/continents

The General Secretary shall perform any other duties assigned by the General Assembly, the Council, or the President and shall exercise such powers as may be necessary for the effective administration and operation of the Union.

C: VICE PRESIDENT: FINANCE

The Vice President: Finance shall be responsible for providing oversight of the financial affairs of the Union and ensuring that sound financial management, accountability, and governance practices are maintained.

The Vice President: Finance shall:

- Monitor and oversee the financial administration of the Union.
- Review and supervise the financial activities conducted by the General Secretary and any other person responsible for financial management.
- Ensure that proper accounting records, financial controls, and reporting systems are maintained.
- Review the annual budget and financial plans before submission to the Council and General Assembly for approval.
- Monitor income, expenditure, investments, assets, and liabilities of the Union.
- Verify that all expenditures are authorized and consistent with the approved budget and the objectives of the Union.
- Present or oversee the presentation of financial reports to the Council and General Assembly.
- Liaise with auditors and ensure that annual financial statements are prepared and independently reviewed or audited where required.
- Recommend financial policies, procedures, and risk management measures to the Council.
- Ensure compliance with applicable financial, legal, and regulatory requirements.
- Report any material financial risks, irregularities, or governance concerns to the Council without delay.
- Perform any other financial oversight duties assigned by the Council.

The Vice President: Finance shall act in an oversight and governance capacity and shall not be responsible for the day-to-day administration of the Union's finances, which shall remain

the responsibility of the General Secretary or such other officer as may be designated by the Council.

C: VICE PRESIDENT(S) - TECHNICAL

The Vice President(s) - Technical shall be responsible for overseeing the technical development, integrity, and standardization of Metallic Silhouette Shooting within the Union.

The Vice President(s) - Technical shall:

- Lead and coordinate all technical matters relating to the sport.
- Leads range inspection of ranges prior to start of World Championships, including signing off that the range is safe for operation and conforms to IMSSU rules
- Oversee the development, review, interpretation, and implementation of the Union's technical rules and regulations.
- Chair or supervise the Technical Committee and coordinate its activities.
- Recommend amendments to technical rules and competition regulations for consideration by the Council and General Assembly.
- Ensure the consistent application of technical rules at all sanctioned competitions, championships, and events.
- Monitor international trends, innovations, and best practices relevant to Metallic Silhouette Shooting and make recommendations for their adoption where appropriate.
- Provide technical guidance and support to member organizations regarding competition standards, equipment regulations, and officiating matters.
- Assist in resolving technical disputes, protests, and appeals in accordance with the Union's rules and procedures.
- Promote technical excellence, fairness, safety, and consistency throughout all disciplines governed by the Union.

D: ADDITIONAL COUNCIL MEMBERS

Additional Council Members shall contribute to the governance, administration, and development of the Union and shall participate fully in the deliberations and decision-making processes of the Council.

Additional Council Members shall:

- Attend and actively participate in meetings of the Council and General Assembly.
- Support the implementation of the Union's objectives, policies, strategic plans, and decisions.
- Represent the interests of the Union and promote the sport of Metallic Silhouette Shooting within their respective regions, disciplines, or areas of responsibility.
- Serve on committees, commissions, working groups, or task teams as appointed by the Council.
- Undertake specific portfolios, projects, or responsibilities assigned by the Council from time to time.
- Provide advice, expertise, and recommendations on matters affecting the governance, administration, technical development, competitions, membership, communications, finance, or growth of the Union.
- Act in the best interests of the Union and uphold the principles of integrity, transparency, accountability, and good governance.
- Assist in fostering cooperation and communication among member organizations and stakeholders.
- Perform any other duties assigned by the Council or General Assembly in support of the Union's objectives.

Additional Council Members shall have the same voting rights and responsibilities as other Council members unless otherwise provided for in this Statutes.

ARTICLE 13: CONDUCT OF MEETINGS

All meetings of the Union shall be conducted in a fair, orderly, transparent, and efficient manner, ensuring that all participants have a reasonable opportunity to contribute to discussions and decision-making.

The following principles shall apply to all meetings of the General Assembly, Council, committees, and other bodies of the Union:

1. **Chairing of Meetings**
   Meetings shall be chaired by the President or, in the President's absence, by the General Secretary or another person designated in accordance with this Statutes or the Rules and Regulations of the Union.

2. **Quorum**
   No business requiring a decision shall be conducted unless a quorum if 50% +1, is present.

3. **Agenda and Notice**
   Meetings shall be convened with appropriate notice and an agenda circulated in advance, except where urgent circumstances justify a shorter notice period.

4. **Participation**
   Members may participate in meetings in person, electronically, or through a hybrid format, provided that all participants can effectively communicate and participate in proceedings.

5. **Voting**
   Decisions shall be made by a simple majority of votes cast unless a higher majority is required by this Statutes. In the event of an equality of votes, the Chairperson shall have a casting vote in addition to any deliberative vote to which they are entitled.

   In terms of good governance and impartiality principles, the President and the General Secretary shall not have a deliberative vote at any meeting of the Union, including meetings of the Council, the Ordinary General Assembly, and the Extraordinary General Assembly.

   The President shall preside over meetings in an impartial manner and shall not participate in voting except in the event of a tied vote on a matter requiring a decision, a second vote shall be conducted by secret ballot. If the result remains tied after two (2) rounds of voting, the President shall exercise a casting vote to determine the outcome.

   The General Secretary shall not be entitled to vote under any circumstances

6. **Order and Debate**
   The Chairperson shall maintain order, regulate debate, determine the sequence of speakers, and rule on procedural matters. Members shall conduct themselves respectfully and in a manner consistent with the values and objectives of the Union.

7. **Minutes**
   Accurate minutes of all meetings shall be recorded and maintained as official records of the Union. The minutes of assemblies' deliberations are written by the General Secretary and, after approval from council members, signed by the President and General Secretary

   The General Secretary will issue copies of the minutes to each present member within the one-month period following the assembly. The said members have one month,

starting from the receipt of the minutes, to make observations. After this period, the minutes are considered approved and must be sent to all members.

The General Secretary can issue any certified copies, from both the Council and the assemblies, which acts as evidence for third parties.

8. Conflicts of Interest

Any member who has a direct or indirect conflict of interest in a matter under consideration shall declare such interest and, where required, abstain from participating in the discussion and voting on that matter.

Unless otherwise provided for in this document, meetings shall be conducted in accordance with generally accepted principles of democratic governance and parliamentary procedure.

ARTICLE 14: ORDINARY GENERAL ASSEMBLY

The General Assembly is the supreme decision-making authority of the Union and serves as the forum through which the members *in good standing (fully paid-up)* collectively exercise their governance rights and responsibilities.

The Ordinary General Assembly shall meet every two (2) years, coinciding with the World Championship and is called by the General Secretary. An Ordinary General Assembly may be requested at any time by a written request from at least half of its members.

- Determine the strategic direction, policies, and objectives of the Union.
- Each member country/continent will have the same number of votes regardless of its member numbers.
- The council members will contribute to and approve agenda items
- Elect and, where necessary, remove members of the Council in accordance with this Statutes.
- Consider and approve reports submitted by the President, General Secretary and Vice President – Finance.
- Review and approve the annual financial statements, budgets, and membership fees of the Union.
- Consider and decide upon proposals, motions, and recommendations submitted by members or the Council.
- Admit, suspend, expel, or otherwise determine the status of members in accordance with this Constitution.
- Award Honorary Membership and other distinctions of the Union.
- Consider appeals and matters referred to it by the Council in accordance with the Constitution and Rules of the Union.
- Ratify major decisions affecting the governance, structure, assets, or future of the Union.
- Exercise all powers not specifically delegated to the Council or any other body of the Union.

- It approves the Union's accounts of the passed past by two years, votes for the budget for the next two financial years, deliberates on questions put on the agenda and provides for, if needed, the renewal of Council members.

The decisions of the General Assembly shall be binding on all members, officials, committees, and bodies of the Union, provided such decisions are consistent with this Constitution and applicable law.

The Ordinary General Assembly will be attended by maximum two (2) persons from a member country and/or continent. Each member country/continent will have two (2) votes. The President and General Secretary may not represent any member country/continent.

A member unable to attend a General Assembly may be represented by another member with one (1) proxy vote, provided that proxy has been provided in writing prior to start of meeting. No member may hold more than one (1) proxy vote in addition to its own vote.

ARTICLE 15: EXTRAORDINARY GENERAL ASSEMBLY

The General Assembly is deemed extraordinary character when it is deciding on modifications to the statutes.

It can decide on the dissolution and the distribution of the property belonging to the Union.

The Ordinary General Assembly is called by the General Secretary, should circumstance dictate. An Extraordinary General Assembly may be requested at any time by a written request from at least half of its members.

Quorum: such an Assembly should be composed of at least half its members. It should be decreed by a majority of three quarters of votes from the present members.

- Each member country/continent will have the same number of votes regardless of its member numbers.
- The decisions of the General Assembly shall be binding on all members, officials, committees, and bodies of the Union, provided such decisions are consistent with this Constitution and applicable law.
- The Ordinary General Assembly will be attended by maximum two (2) persons from a member country and/or continent. Each member country/continent will have two (2) votes. The President and General Secretary may not represent any member country/continent.
- A member unable to attend a General Assembly may be represented by another member with one (1) proxy vote, provided that proxy has been provided in writing prior to start of meeting. No member may hold more than one (1) proxy vote in addition to its own vote.

ARTICLE 16: COUNCIL MEETINGS

The council should meet at least once a year, and each time is called by the President or on a written request from two-thirds (2/3) of its members.

The presence of one-third (1/3) of the council members is necessary for the proceedings to be valid.

ARTICLE 17: APPROPRIATION OF FUNDS

The funds and assets of the Union shall be used exclusively to further the objectives, activities, and development of the Union as set out in this Constitution.

The Council shall be responsible for ensuring that all funds are administered prudently, transparently, and in accordance with the approved budget, financial policies, and decisions of the General Assembly.

Union funds may be appropriated for, including but not limited to:

- The administration and operation of the Union;
- The organization and promotion of World Championships and other sanctioned events;
- Technical development, officiating, training, and educational programs;
- Development initiatives for member organizations and continental associations;
- Meetings, conferences, congresses, seminars, and symposiums;
- Communications, publications, and promotional activities;
- Legal, governance, and compliance requirements;
- The acquisition, maintenance, and protection of the Union's assets;
- Any other expenditure that supports the objectives and interests of the Union

No portion of the Union's funds or assets shall be distributed to any member, Council member, or officer of the Union except as reimbursement for properly authorized and documented expenses incurred on behalf of the Union, or for services specifically approved by the Council in accordance with applicable policies and regulations.

All expenditures shall be supported by appropriate records and shall be subject to review, audit, and approval in accordance with the financial procedures of the Union.

ARTICLE 18: FINANCIAL SUPPORT

IMSSU will provide financial support provided that all necessary approvals have been obtained:

a. IMSSU will provide support to hosting of the biennial World Championship to the value an amount decided upon at the preceding General Assembly, but limited to 20% of the liquid assets at the time such decision is taken. Funding will be applicable to the following:

→ Range improvements
→ Conducting of the event in terms of officials, scorekeepers, target setters, paints, materials and other consumables.

The World Championship hosting organisation shall apply for funding at least 1 year before the start of the event. Such application will be formalised and fully motivated. The application for funding will be circulated from the official IMSSU General Secretary email account and must be approved by majority of Council members within 14 days.

b. IMSSU will provide financial support to the President and General Secretary in terms of costs to attend biennial Ordinary General Assembly meetings to the value of an amount decided upon at the preceding General Assembly, given that IMSSU is in a financial position to do so. The President and/or General Secretary shall a claim within 1 month after conclusion of the meeting based on actual costs. Evidence of expenditure (flight ticket, petrol slips, accommodation booking etc) must be provided when submitting such claim.

ARTICLE 19: WORLD CHAMPIONSHIPS

Members wishing to host a World Championship have to provide an application to the Council and the General Assembly.

The application shall present:

- a list of all the offered events
- the date when the World Championship is provisionally foreseen to be held
- the start fee for the events
- the start fee for the team events

The General Assembly decides which country holds the World Championship and by doing so it approves the start fee as defined in the application.

An applicant for a World Championship must state in its application if a financial support from IMSSU is needed. The Council decides about the requested financial support and its maximum amount.

The organizer is obliged to present a financial settlement within a year after the event to the council

ARTICLE 20: DISSOLUTION

The dissolution of the Union can only be pronounced by the General Assembly, convened specially for this purpose and regulated by the conditions of quorum and majority vote as in the Extraordinary Assembly.

The General Assembly appoints one or several commissioners in charge of the liquidation of the property of the Union whose powers it will determine.

It distributes the net asset to any Associations declared having a similar object or to any public and private establishments of its choice, recognized as a public utility service.

ARTICLE 21: RULES AND REGULATIONS

The Council will validate the rules and regulations which will determine the execution of the current statutes.

The regulations come into being immediately on application, on a temporary basis, until they have been submitted to the Assembly; they will become definitive after their acceptance.

ARTICLE 22: FORMATLITIES

The General Secretary and the President are responsible for completing all declarations and publication formalities prescribed by the current laws on behalf of the Council.

All powers are given to the bearer of the documents for carrying out the formalities.

As many originals are made as there are interested parties, plus an original for the Union and two intended for legal records.
